1. Candace Owens blames "rich white people" for feminism, liberalism, and progressivism. Let's fact check this.

2. Feminism.

Jews are more likely to be feminists than any other non-Jewish group. How much more likely? If the Wikipedia page of feminists is any indication, magnitudes more likely.

A PORTRAIT OF JEWISH AMERICANS

Chapter 6: Social and Political Views

Jews are among the most strongly liberal, Democratic groups in U.S. politics. There are more than twice as many self-identified Jewish liberals as conservatives, while among the general public, this balance is nearly reversed.

4. Progressivism.

The Jewish theological doctrine of Tikkun Olam is spiritual, social, and political progressivism. Even Jews acknowledge that progressivism has supplanted Judaism.
